Re: Data Report, 2019 Former Terminal 22T Sediment Investigation, Portland, Oregon

Dear Mr. Fitzgerald, Ms. Greenfield, and Mr. Sheldrake,

I am writing you on behalf of Atlantic Richfield Company and BP Products North America Inc. Remediation Management Services Company performed a sediment investigation in the Willamette River adjacent to the former BP West Coast Products terminal in July 2019. The former BP West Coast Products Terminal 22T is located at 9930 NW St. Helens Road, Portland, Oregon. Access to the sediment investigation sampling area was granted under DSL Access Agreement 62047-AA. The Data Report describing the activities completed and data collected during this sediment investigation is included in the accompanying CD.

Please contact me at 714-815-8971 if you have any questions concerning the Data Report.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kyle Christie', written over a horizontal line.

Kyle Christie  
Liability Business Manager  
Remediation Management Services Co.
